## Custom Lettering Option

You can choose to have your letters in any font, style, upper case & lowercase. In order for us to provide this service, we need the name of the font, a sample printout of your mat layout with your choice of lettering style and we may need you to send us the font if we don't have it.

If you don't know much about finding your font files on your computer. You can choose a font from the web. One great web site is [www.1001fonts.com](http://www.1001fonts.com). Choose a font from the site. In the Custom Preview, type in the letters that will go on your mat, so that you can see the letters in that font style. Print it out & write down the name of the front, and the web address. It's really easy to go to the top of that page under FILE, select SEND, and then choose Page by e-mail or Link by E-mail. In your e-mail put down your customer name, school name, city, state, phone number, project number, information concerning the lettering and sample of lettering style to [jeff@resilite.com](mailto:jeff@resilite.com).

If you need any assistance, please contact Jeff Baker, Director of Marketing & Graphics at 800-843-6287 or by e-mail at [jeff@resilite.com](mailto:jeff@resilite.com). Fax: 570-473-8988
